Background

Steffen Haavik Taylor is a talented actor and creative. New Zealand-born actor with Norwegian and British roots, is as versatile as they come. After completing acting school in 2017, Steffen has landed various roles on set while also producing, editing, and directing his own short films. His debut film, *foreground.*, snagged awards for Best Editing and Best Sound Design, while his second, *Wake Up...*, showcases his acting chops on 16mm Kodak film. With a deep passion for acting and filmmaking, Steffen's ultimate goal is to direct and star in his own feature films. He's currently wrapping up post-production on his latest project, *After You*, where he once again takes on multiple roles, — because Steffen's a man who wears many hats, and maybe even carries a spare!
